

THE BRADLEY TECH TROJAN

STUDENT CONGRESS

Welcome to the Bradley Tech Student Congress. I am super excited to have you all compete. We promise to have good food, and even more importantly, great trophies.

Entries:

Congressional Debaters may be entered on tabroom.com. There will be no entry limit. Fees are \$16 per congressional debater, which includes dinner. We will have two sessions, followed by awards. We will break into multiple houses depending on the numbers of entries. We will award TOP PO in each house, with trophies for the top three Congress participants, and medals to top 4-5 after that.

Judges:

Schools must provide one QUALIFIED judge for every 6 entries, or fraction thereof. Qualified is a subjective term and if you have specific questions, please ask. I will assemble a packet of instructions for parliamentarians and scorers alike that should explain everything but if you are bringing judges who have never judged a congress before, please let me know and I can touch base with them before the event. Please let me know by Friday, February 10th if you require a judge. This gives me time to try to find a qualified one

THE BRADLEY TECH TROJAN

STUDENT CONGRESS
